ABOUT THINKCSC

At ThinkCSC, we're in the business of helping our clients exceed their organizational goals by making wise and customized IT decisions in the most economical way.

We provide client-focused CIO/CTO/vCIO guidance and proactive IT services to our clients. Our keenness for both business and IT strategy help deliver your desired organizational results. Our experience with virtual IT management allows you to focus on managing your priorities and serving your customers. We practice what we preach and live who we are every day.

thinkCSC's Core Values:

Passion—We devote all of our knowledge, resources and attention to every project.

Perseverance—No obstacle is insurmountable; we keep at it until the job is done.

Partnership—We're in this together, looking strategically at the landscape ahead.

thinkCSC's Mantra: Client Focused, Technology Driven

thinkcsc.com

IN A WORD?

Helpful

What is the best advice you have ever received?

Serve your clients, don't sell them.

What personal motto or mantra best aligns with you or your company's culture?

Useful is what we should be- Help each other in order to help our clients everyday

What is the most rewarding part of your job?

Seeing my team's passion & excitement when helping each other and our clients

What are you most excited to build upon over the next 12 months?

We've recently redesigned our Network Operations Center (NOC) in order to add more Engineers. I'm excited at the prospect of hiring and cultivating more leaders so we can continue to help our clients reach their goals.

What about the Columbus region works in your company's favor?

The people and their Midwestern values- People really care about Columbus and want to help one another. Our clients let us know when we're helpful and when we're not so helpful. This partnership mentality has fueled our personal & professional growth.
